

tion won't burn you

POD Light[®] Illuminator 1800

The PODLight ILLUMENATOR is a high intensity, professional LED work light designed as a cordless and rechargeable alternative to traditional halogen work lights. It is extremely useful for many applications including job sites without electricity, field service technicians, automotive mechanics, building maintenance, trucking, transportation, and recreation.

CORDLESS WORKLIGHT

CORDLESS and RECHARGEABLE

- * Use it anywhere!
- * Cordless operation eliminates trip hazards.
- * 2 ways to recharge included - 12 volt car charger and 110 volt wall charger.
- * Oversized 8800 mAh battery provides up to 3.5 hours operation between recharge.
- * Powerful 2,000 mA recharger is strong enough to run light when battery is dead.
- * Built-in indicators show the battery level and recharge status.
- * Replaceable lithium ion batteries provide the latest battery technology, they are long lasting & have no recharge memory.
- * Turns off automatically when charge is low to increase battery life.
- * Save money and help the environment by recharging batteries instead of replacing them!
- * Microprocessor controlled recharge protects the battery and extends its life by preventing accidental overcharge.

CONVENIENCE

- * Head rotates over 300 degrees and locks to put light exactly where you need it.
- * Padded handle for easy carrying.
- * Convenient floor stand provides hands-free use.
- * Optional, adjustable tripod stand holds either one or two lights.

SMART DESIGN

- * Cool operation, won't burn you or melt plastic it comes in contact with.
- * Strong tempered glass lens stays clear, it is not affected by water or chemicals.
- * Super energy efficient, uses about 85% less energy than halogen lights.
- * 120 degree light angle illuminates a wide work area.
- * Charge level indicator flashes to warn of auto shut-off.
- * Weather resistant for outdoor use.
- * 100,000 hour LED light pod life expectancy.
- * Durable light pods won't blow when dropped.
- * Light weight reduces fatigue when hand held.

PACKAGING THAT SELLS

The ILLUMENATOR is packaged in a colorful, eye catching, box. The front graphics are designed to attract attention and sell like a billboard, the sides are photo rich, and the rear has details to entice even the most discriminating buyer.

MANY MARKETS

The ILLUMENATOR 1800 will generate excellent sales in a wide variety of markets including construction, maintenance, hardware, safety, automotive, home repair, outdoor, trucking and recreation.

It is a must-have item for anyone who needs bright, even light, indoors or outdoors, where no electrical power is available.

Private branding available.
