

ONE LIGHT, MANY JOBS.

Works when, and where, you do.

Strong magnetic holder on 360° collar gives you hands free convenience.

Introducing the PODLight 4.0. The professional, cordless, rechargeable, rugged, 3-in-1 LED, worklight, flashlight, & dual safety light.

The WEATHERPROOF PODLight is engineered to work anywhere and any time.

High intensity LED light pods WON'T BLOW when dropped because they are protected by a durable, heavy-duty rubber housing.

You get 8 hours of worklight or 12 hours of flashlight with each charge.

Power-Out Feature automatically turns on light if the power goes out.

Dual flash safety strobe warns of danger.

Light those hard to get places.

PROFESSIONAL RECHARGEABLE 3-in-1 WORKLIGHT

The PODLight is a professional quality, portable, rechargeable, multi purpose LED light. It is valuable for any application where dropping a light is common. Tradesmen find it extremely useful working in dark places or where there is no power available. At work, in a vehicle, around the house, or for recreation, its durability and built-in extras make it beneficial for anyone who needs cordless portable lighting.

CORDLESS and RECHARGEABLE

- * Save money by recharging the batteries instead of replacing them!
- * 2 ways to recharge are included - 12 volt car charger and 110 volt wall charger.
- * Long lasting between recharges, 8 hr./4 hr. as worklight, 12 hr. as flashlight, and over 24 hr. as emergency safety strobe.
- * Built-in indicator shows the recharge status.
- * Replaceable lithium batteries, same technology as cell phones.
- * Due to microprocessor controlled charging, it can be left plugged into a car cigarette lighter and it won't kill the car's battery. The microprocessor also extends the life of the PODLight by preventing accidental overcharge.
- * 650 mAh charger for rapid recharge.

MULTI-FUNCTION

- * Worklight provides 160 degrees of bright light with 2 intensity levels.
- * Focused high intensity SMD LED flashlight.
- * Emergency double flash safety strobe to attract attention in time of need.
- * Power-Out feature turns on light automatically when the power goes out!
- * One switch function control.

CONVENIENCE

- * Oversize hanging hook turns 360 degrees and is rubber mounted for durability.
- * Strong magnetic holder adjusts 360 degrees providing hands-free operation.
- * Stand-up charging base/storage pod doubles as hands-free stand and is included free.

SMART DESIGN

- * Flash warning system notifies user when battery level is low.
- * Smart switch design provides one press off function after 10 seconds of operation.
- * 30,000 hour LED light pod life expectancy.
- * Super energy efficient, high intensity SMD LEDs
- * Cool operation, won't burn you or melt plastic it comes in contact with.
- * Operates in any weather, heat or cold, rain or shine.
- * Light weight reduces fatigue when hand held.

HEAVY DUTY

- * Strong clear polycarbonate lens, like eyeglasses.
- * Durable light pods won't blow when dropped.
- * Rugged, impact resistant rubber housing with oversized grip.
- * 10 year limited warranty
